INTELLECTUM
INTERNATIONAL STEM SCHOOL

CONTENTS

PARENT HANDBOOK 2026/2027

This handbook will help you better understand how our school works and how we can work together to support the success and development of your child.

> Together, we create an environment where every child can discover their potential and change the world.

Section 1. Philosophy and Values

- Mission and vision
- Our values
- Portrait of an Intellectum graduate
- The parent – student – school partnership

Section 2. Organization of the Learning Process

- Structure of the academic year
- Structure of the school day
- Drop-off and pick-up
- Student rules
- Parent rules

Section 3. Educational Approach

- In-depth subject study
- STEM approach and technology
- Intellectum Routes
- Assessment system
- Student portfolio
- Educational documents

Section 4. Feedback

- Communication
- School administration
- Parent meetings
- Information about students
- Newsletters
- SMS messages
- Photo and video recording
- Parent education

Section 5. Platforms

- Librus platform
- TGI platform
- Technology in class

Section 6. Full-Day School

- Independent study time
- Clubs
- Ukrainian Hub
- Excursions
- Holidays, traditions and holiday camps

Section 7. Nutrition

- Content for this section is being finalized and will be shared separately.

Section 8. Safety and Health

- Access to the school
- Written statements
- Medical support
- Psychological support
- Emergency procedures

Section 9. Transfer

- Content for this section is being finalized and will be shared separately.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

1

Section 1.
Philosophy and Values

Welcome to the Intellectum community! We were born at the intersection of the Polish education system, the international Cambridge programme, and the linguistic and cultural diversity of the families who come to us from different countries — and we consciously rejected the idea of being "yet another private school." In our space, a child is never lost among curriculum requirements: the child is the centre around which the curriculum is built. Every day we work to make sure a child feels safe, has room to explore, and makes their own small and large discoveries.

Good to know

Intellectum is a licensed Polish full-day school (szkoła całodniowa). Children are under **pedagogical supervision throughout the entire day** — from morning arrival through the end of the afternoon, including lunch, rest, and homework preparation.

This is a **single, integrated model**, not "school plus an after-school programme" — parents take their child home free of the need to spend evenings over textbooks.

INTELLECTUM

INTERNATIONAL STEM SCHOOL

1.1. Mission and Vision

Our Mission

To give children from different countries access to quality Polish education that meets national standards, while supporting each family's living connection to their native language and culture, and to develop the thinking skills without which it is impossible today to feel confident in a world that changes faster than textbooks can be printed.

Our Vision

To become an educational platform that shapes leaders and innovators: children who are able not only to accumulate knowledge but to apply it to build their own future. We want our graduates to be confident, open to the world, ready to learn throughout their lives, and to responsibly contribute to the development of their communities.

Key Reference Points for the Academic Year

- **Academic integrity** — full compliance with the podstawa programowa of the Polish primary school curriculum
- **International outlook** — in-depth English following Cambridge English standards
- **Practical skills for the future** — financial literacy, entrepreneurship, engineering fundamentals, ethical use of AI
- **A safe environment** — attention to a child's emotional state on par with academic achievement

INTELLECTUM
INTERNATIONAL STEM SCHOOL

1.2. Our Values

Intellectum's values are not just words on the reception wall — they are the criteria by which we make everyday pedagogical decisions: how to respond to a conflict between children, how to build a lesson, how to talk with parents about a child's difficulties.

- **Respect and empathy** — for the child as a person, for their pace of development, language, and cultural background. Bullying and condescension are not tolerated.
- **Multilingualism and multiculturalism** — mutual respect for the languages and cultures of every family in the school: Polish and English as the main languages of instruction, as well as the students' native languages, including Ukrainian.
- **Academic integrity** — one's own work is one's own work; a mistake is material for analysis, not a reason for shame.
- **Critical thinking** — the ability to ask questions, verify sources, and separate facts from opinions.
- **Innovation, leadership and entrepreneurship** — encouraging the initiative to ask, "what if we tried it this way?"
- **Responsibility** — for one's own decisions, tasks, and relationships with others, appropriate to age.

Tip for parents

If at home you uphold the same principles — giving your child room to make mistakes, discussing the consequences of decisions rather than punishing the mistake itself — the effect of the school's values education multiplies. Children absorb values far more quickly when they see them applied consistently, both at school and at home.

INTELLECTUM

INTERNATIONAL STEM SCHOOL

> We don't prepare students for exams. We prepare them for life.

1.3. Graduate Profile of Intellectum

By the end of their education at Intellectum, we aim for a balanced development of subject knowledge and the personal qualities of every child.

HARD SKILLS

- **Language proficiency:** Polish (podstawa programowa), English according to Cambridge.
- **Digital and AI literacy:** safe and conscious use of tools and technologies.
- **Foundations of logic and algorithmic thinking** (STEM approach).
- **Financial literacy and entrepreneurship.**

Explore • Think • Learn • Create • Grow

SOFT SKILLS

- **Emotional intelligence** and **empathy.**
- **Teamwork** and the ability to communicate and engage in dialogue.
- **Initiative** and **leadership.**
- **Self-organization** and the ability to complete tasks.
- **Adaptability** to new conditions and environments.

Please note

The graduate profile is a guide, not a rigid standard with a deadline. The pace of each child's development is individual, and the school team regularly discusses with parents where their child is on this journey.

INTELLECTUM

INTERNATIONAL STEM SCHOOL

1.4. The Partnership Triangle: Parents – Students – School

An educational outcome is impossible without the coordinated work of three parties. We deliberately call this a triangle rather than a hierarchy: the child is at the centre, and no side is "more important" than another — each has its own area of responsibility.

SCHOOL

- Quality teaching aligned with Polish national standards and the Cambridge programme, with attention to each family's language needs
- Physical and emotional safety throughout the day
- Regular, honest feedback on the child's progress
- An environment free of bias and bullying

PARENTS

- A daily routine coordinated with the full-day school
- Timely communication about health, the child's condition, and family changes
- Supporting the school's values at home
- Participating in meetings and school events

STUDENTS

- Respect for classmates, teachers, and school staff
- Completing assignments to the best of one's ability
- Taking care of school property
- Honesty in learning and communication

Tip for parents

Trust in the teacher is the foundation of your child's peace of mind. If questions arise about the learning process, the first step should always be a direct, open dialogue with the class tutor. The partnership triangle only works when information flows freely in every direction.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2. Organization of the Learning Process

2.1. Structure of the Academic Year

The academic year at Intellectum is divided into two semesters and consists of teaching periods, holidays, public holidays, project events, individual parent meetings, and final assessment.

SEMESTER I
1 September 2026 – 29 January 2027
(duration: 20 teaching weeks)

CHRISTMAS HOLIDAYS
23 December 2026 – 6 January 2027

WINTER BREAK
1 – 12 February 2027

SEMESTER II
15 February – 25 June 2027
(duration: 18 teaching weeks)

EASTER HOLIDAYS
25 – 30 March 2027

Public Holidays

The school does not hold classes on Poland's official public holidays. The 2026/2027 calendar includes:

1 NOVEMBER	11 NOVEMBER	1 JANUARY	6 JANUARY	1 MAY	3 MAY	27 MAY
All Saints' Day	Polish Independence Day	New Year's Day	Epiphany	Labour Day	Constitution Day	Corpus Christi

Head Teacher's Discretionary Days

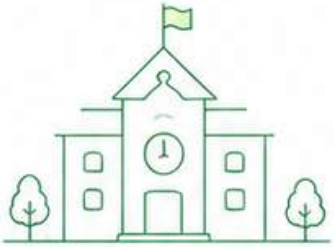

In accordance with Polish law, the school's head teacher may designate up to 8 additional days free of classes:

4–5 JANUARY 2027	4–5 MAY 2027	28 MAY 2027	21 JUNE 2027

Kalendarz roku szkolnego 2026/2027

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.2. Structure of the School Day

The school day at Intellectum is designed around children's age-related needs and the principles of modern education. We aim to maintain a healthy balance between **academic learning, physical activity, rest, social-emotional development, and creativity.**

Throughout the day, periods of focused learning alternate with movement, breaks, outdoor time, and opportunities to connect with others. This rhythm helps children **stay focused, motivated, and comfortable** throughout the day.

A balanced day for learning, development and inspiration.

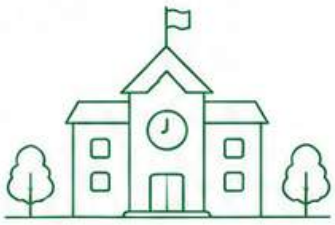

KEY MOMENTS OF THE DAY

Common schedule for all classes

ARRIVAL & MORNING CIRCLE	LEARNING BLOCK 1	BRUNCH	LUNCH	OUTDOOR TIME & MOVEMENT	END OF DAY ROUTINE	PICK-UP
08:30 – 09:00	**09:00 – 10:30**	**09:40 – 10:00**	**13:00 – 13:30**	**16:15 – 17:00**	**17:00 – 17:15**	**17:15 – 17:20**
Students arrive to school. Morning Circle and plans for the day.	Lessons, activities, projects.	Healthy snack and break.	Lunch and time to relax.	Time outdoors: active games, nature time or outdoor play.	Getting ready for going home.	Pick-up time and goodbyes.

Safety and kindness are at the heart of everything we do.
We create a supportive environment where every child feels respected, valued and inspired to grow.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.3. Meetings & Pick-Up

The safety of our students is one of Intellectum's top priorities.
We kindly ask families to follow our established procedures for morning arrival and end-of-day pick-up.

START OF THE DAY

The school day begins at **9:00.** We recommend arriving by **8:45** to allow your child time to get settled, meet friends and start the day in a calm and positive atmosphere.

PICK-UP TIME

Pick-up is available after the end of regular classes or at the designated time after clubs and afternoon care, no later than **17:20.**

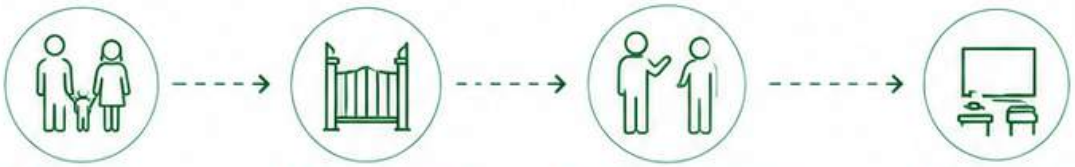

AUTHORIZED PERSONS

Please inform the school in advance if your child will be picked up by another authorized person or if your child will go home on their own.

For the safety of all students, such permissions must be **provided in writing.**

HOW ARRIVAL AND PICK-UP WORK

MORNING

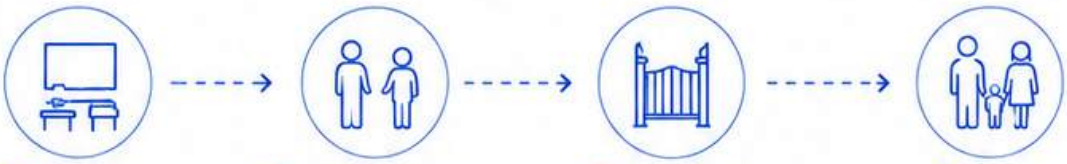

1 PARENT
Parents bring their child to the school gate.

2 SCHOOL GATE
Children are met by the Intellectum team.

3 INTELLECTUM TEAM
Our team welcomes the child and escorts them to the school building and their classroom.

4 CLASSROOM
The school day begins at 9:00.

AFTERNOON

1 CLASSROOM
Children finish classes and prepare to go home.

2 INTELLECTUM TEAM
Our team escorts the child to the school gate.

3 SCHOOL GATE
Children are handed over to the authorized person at the gate.

4 PARENT
Parents pick up their child and leave the school premises.

IMPORTANT

Parents wait outside the school gate during arrival and pick-up. This helps keep the learning environment safe and focused.

This procedure helps us control access to the school, maintain a secure environment and support children's growing independence.

We minimize interruptions to the learning process and help children become more confident and independent.

Thank you for your understanding and cooperation in creating a safe and positive environment for our children.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.4. Student Rules — The Intellectum Culture

At Intellectum, we believe that the best learning happens in an atmosphere of **mutual respect, trust, and responsibility**.
Our rules are not a list of prohibitions but **shared agreements** that help everyone feel comfortable and safe.

1. THE SCHOOL DAY

- Students arrive at school on time so they can calmly prepare for the start of lessons.
- During lessons, children follow classroom rules and the teacher's instructions.
- If a student is late or absent, parents notify the school through the official communication channel.

2. PERSONAL BELONGINGS

- Students take good care of their own belongings and of school property.
- We recommend leaving valuables, large sums of money, or items unrelated to learning at home.
- The school is not responsible for personal belongings left unattended.

3. DIGITAL DEVICES

- Personal mobile phones may only be used during the school day in accordance with school rules.
- Tablets, laptops, and other devices are used for learning purposes under a teacher's supervision.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.4. Student Rules – The Intellectum Culture

4. SAFETY

- Students do not leave the school grounds without staff permission.
- A child immediately informs an adult of any decline in wellbeing or any unsafe situation.
- We expect students to take care of their own safety and the safety of others.

5. MUTUAL RESPECT

At Intellectum, we do not accept:

- ✖ bullying or any form of discrimination;
- ✖ physical or psychological violence;
- ✖ intentional damage to property;
- ✖ offensive language directed at other members of the school community.

When a conflict arises, we help children find a resolution through dialogue, rebuilding trust, and working together with the family.

6. SCHOOL UNIFORM

The school uniform is an important part of Intellectum's culture. It helps create an atmosphere of unity, equality, and mutual respect, allowing children to focus on learning rather than differences in appearance.

We ask students to come to school in a neat uniform that meets the established requirements. The uniform should be clean, tidy, and appropriate for the weather.

IMPORTANT

If a child breaks a school agreement, our first step is to understand the reason behind the situation and work with the family to find the best solution. Our goal is not punishment but the development of responsibility, independence, and the ability to make good choices.

We do not expect children to be flawless. Mistakes are a natural part of learning and growth. When a difficult situation arises, we seek to understand its cause, help the child draw conclusions, and find a solution together with the family.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.6. School Uniform

The school uniform is part of Intellectum's visual culture and a symbol of belonging to our community.

The only mandatory element of the school uniform at Intellectum is the branded top.

TOP – MANDATORY

Students must wear one of the official Intellectum branded tops:

WHITE POLO
Intellectum

NAVY POLO
Intellectum

BLUE SWEATSHIRT
Intellectum

RED SWEATSHIRT
Intellectum

All tops must be clean, neat, and in good condition.
Please choose the correct size for your child.

BOTTOM – CHOICE OF THE FAMILY

The school does not prescribe a specific bottom. These options are recommended:

Classic Trousers

Skirt

Tailored Shorts

Choose dark, neutral colors and comfortable clothing that matches the school environment.

NOT ALLOWED: jeans, sweatpants, leggings, clothing with large logos, prints or decorative elements.

SHOES

Shoes must be clean, comfortable and safe for a full school day.

Students may have indoor shoes if required by the school.

THE INTELLECTUM FORMULA

INTELLECTUM TOP

White Polo · Navy Polo · Blue Sweatshirt · Red Sweatshirt

+

SMART BOTTOM

Classic Trousers · Skirt · Tailored Shorts

+

COMFORTABLE SHOES

=

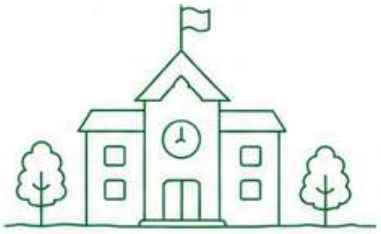

Intellectum Student
Ready to learn.
Ready to grow.

IMPORTANT

We do not aim to make students look the same. The branded top unites us as the Intellectum community, while the freedom to choose the bottom allows comfort and individuality.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

INTELLECTUM
INTERNATIONAL STEM SCHOOL

2.5. Parent Rules

A child's education is most successful when school and family act as partners. We ask parents to support the Intellectum culture and to work with us to create a safe, friendly environment for every child.
We value partnership, trust, and open communication. These rules help us function as one team supporting every child on their journey.

1	**Be a partner to the school**	We work toward a shared goal — the child's development. Support the values and decisions that help the whole school community.
2	**Keep to the routine**	Help your child arrive on time, attend school regularly, and be ready to learn. Let us know about lateness or absence.
3	**Communicate openly and constructively**	Reach out to the school through official channels. If a question or difficult situation arises, discuss it calmly with the responsible staff member.
4	**Take care of health**	Do not bring your child to school unwell. Tell us about allergies, medical conditions, or any medication your child needs to take.
5	**Respect the learning process**	Support the school's rules on phones and gadgets. Please avoid calling your child during lessons unless it is urgent.
6	**Help maintain the school uniform**	A tidy appearance and uniform are part of the school's culture. Make sure clothing is clean, comfortable, and meets the requirements.
7	**Take care of safety**	Notify the school in advance of any change in who will pick up your child. Keep contact details up to date and follow the school's entry rules.
8	**Respect everyone**	Communicate warmly with students, parents, and school staff. Respect the privacy and dignity of every member of the community.
9	**Lead by example**	Children learn primarily from adults' behaviour. Model respect, responsibility, and a positive attitude every day.
10	**Trust the process**	We are always ready for dialogue and to work together to find the best solutions for your child.

Together

Together we create an environment in which every child feels safe, confident, and enjoys learning.

3. EDUCATIONAL APPROACH

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3.1. What Learning Is Built On

LEARNING AT INTELLECTUM IS BUILT ON TWO COMPONENTS

1 THE FOUNDATION

Polish National Curriculum

(Podstawa programowa)

✓ Full curriculum | ✓ Official education | ✓ Preparation for the Polish education pathway

We deliver the full scope of the Polish national curriculum without simplification or exceptions.
It gives a child an official education credential and knowledge recognized by any school in Europe.

2 ENRICHED BY THE INTELLECTUM APPROACH

MATHEMATICS

Prepared for the 8th-grade exam (egzamin ósmoklasisty), but the path to a formula always starts with an action.

Objects & LEGO
Younger children count using objects or LEGO.

Logical investigations
Problems are framed as logical investigations.

Financial calculations
Older students move on to financial calculations.

Engineering cases
We solve case studies resembling real engineering problems.

With preparation for **egzamin ósmoklasisty.**

ENGLISH

+2–3 additional hours per week

We use Cambridge International materials.

Speaking
We remove the fear of speaking.

Communication
Live practice, not just grammar.

Cambridge exam preparation
Students prepare for Cambridge exams at their level.

COMPUTER SCIENCE

+1 additional hour per week

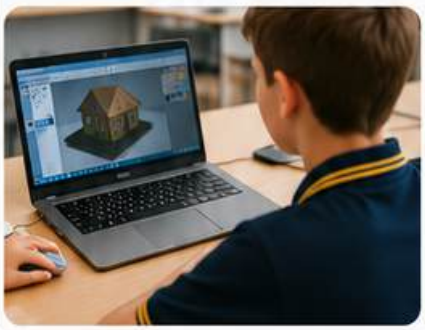

We follow Cambridge ICT Starters standard.

Scratch
First programmes in Scratch.

Python
Later we move on to Python.

3D modelling
We create simple 3D models.

Mindful use of AI
AI is a tool children learn to use mindfully, not a way to avoid thinking for themselves.

GOOD TO KNOW

None of these methods replaces the Polish curriculum — they only help students master it faster and more deeply.
The Intellectum certificate confirms the full scope of knowledge required by Polish law.

3. EDUCATIONAL APPROACH

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3.2. Practice & Technology in the Classroom

At Intellectum, STEM is not a separate subject. It is a way of learning across subjects — through **exploration, creation and real-life application.**

LOGIC & MATHEMATICS

From play and hands-on activities to analytics and business simulations in older grades.

THE WORLD AS A LABORATORY

Experiment first. Observe. Ask questions. Then draw a scientific conclusion.

LANGUAGES IN ACTION

Polish and English as languages of learning, and students' native languages supported where relevant.

TECHNOLOGY & CREATION

Students don't just use technology — they create with it: models, prototypes and digital solutions.

WHAT DOES IT LOOK LIKE IN PRACTICE?

GRADE 1 MATHEMATICS

Students practise counting to 20 while helping a game character prepare a travel basket.

GRADE 6 COMPUTER SCIENCE

Students learn to identify manipulated images and create their own social-media safety checklist.

GRADE 7 ENGLISH

Students create a practical guide for newcomers — using English as a real communication tool.

GRADE 8 GEOGRAPHY

Teams calculate a delivery route while considering fuel prices and weather conditions.

FOR PARENTS

If your child comes home saying that "a robot was looking for treasure" or "AI helped us write a story," there is a learning objective behind the activity.

Technology supports the curriculum — it does not replace it.

- We teach children healthy screen time habits.
- We show them how to verify information and think critically.
- We explain when AI is helpful and where their own thinking matters most.

3. EDUCATIONAL APPROACH

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3.3. Intellectum Routes

A year at Intellectum is built as a system of projects.
Instead of starting something new from the beginning every year, students return to **four routes** — going deeper each time, from a new perspective with new tools.

IMPORTANT TO KNOW

The same routes: **Me & the World** / **Culture & Community. Media & Communication** / **Science & Art (STREAM)** / **Future & Creation** repeat every year — but it's not repetition. Students go deeper with more advanced technology, a new language of explanation, and new team roles. Knowledge expands their view of the world, not duplicates what they already know.

4 ROUTES • 4 IMMERSIONS • 2 MONTHS EACH • DEEPER EVERY YEAR

01

ME & THE WORLD

Self-awareness • Environment • Exploration

02

CULTURE & COMMUNITY. MEDIA & COMMUNICATION

People • Communication • Community • Media

03

SCIENCE & ART (STREAM)

Science • Technology • Creativity • Experiment

04

FUTURE & CREATION

Innovation • Entrepreneurship • Design • Future thinking

WHAT IS EACH IMMERSION BUILT OF?

THEMATIC IDEA
A key question or problem that shapes the two-month block.

→

CLASS PROJECT
A common goal: investigate a phenomenon, create a product, or help the community — — depending on the theme.

→

SUBJECT INTEGRATION
Not formal, but through experience.
For example:
- English: project promo video
- Mathematics: budget & calculations
- Art: visual design
- Technology: prototype / digital product

→

PROJECT PRESENTATION DAY
The immersion finale where the class presents results to a real audience — parents and school.

SAME ROUTES. DEEPER EVERY YEAR.

- New tools
- New language
- New team roles
- More complex challenges

BY THE END OF GRADE 7

≈ 35

COMPLETED PROJECTS

One portfolio showing how a student's thinking, creativity and independence have developed over the years.

PLEASE NOTE

Intellectum Routes are not graded.
Students can experiment, take risks and try new ideas without the fear of "spoiling a grade".

Progress lives in the portfolio.
We track growth through projects, reflection and real achievements — not in the gradebook.

Ready to learn. Ready to grow.

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3. EDUCATIONAL APPROACH

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3.4. Assessment System

Our assessment system supports every child's development, helps them see their progress and achieve new goals.

GRADES 1–3
FORMATIVE ASSESSMENT
Ocena opisowa

Instead of numbers — a descriptive feedback.

Teachers provide detailed descriptions of the child's learning and development.

- What the child has already mastered
- Strengths
- What needs further development
- The main goal — support and motivation, not comparison with others.

ONGOING ASSESSMENT
During the semester, everyday work is assessed using descriptive feedback (Ocena opisowa).

BEHAVIOUR ASSESSMENT
Behaviour (Ocena zachowania) is also provided as a descriptive assessment.

GRADES 4–8
SIX-POINT SCALE (1–6)
Six-point scale used in Polish education, where 6 is the highest grade.

6	Excellent
5	Very Good
4	Good
3	Satisfactory
2	Additional support needed
1	Significant improvement needed

ONGOING ASSESSMENT
Current grades for individual assignments appear in the gradebook every day.

SEMESTER GRADE
Summary of the first half of the year.

ANNUAL GRADE
Summary of the whole school year.

GRADE 8 FINAL RESULTS
Final results take into account the annual grade of the graduation year.

FOR PARENTS

14 DAYS
before the semester teachers' meeting

You will learn the expected semester grade through the electronic gradebook.

30 DAYS
before the annual teachers' meeting

You will learn the expected annual grade through the electronic gradebook.

EVERY DAY
grades in the gradebook

Up-to-date information about your child's progress is always available.

CAN A GRADE BE IMPROVED?

Yes. A student may agree on additional work with a teacher under a short written agreement.

QUESTIONS OR DISAGREEMENTS?
Talk to the teacher.
If needed, you can also talk to the director.

BEHAVIOUR ASSESSMENT
Behaviour (Ocena zachowania) is assessed separately from academic achievement using the 1–6 scale.

PARENT TIP
Families used to different grading scales — such as the 12-point scale — may find the six-point scale unusual at first.
Here is a simple guide:

6	5	4	3	2	1
Excellent	Very Good	Good	Satisfactory	Additional support needed	Significant improvement needed

The homeroom teacher will always explain the assessment criteria in detail.

3. EDUCATIONAL APPROACH

INTELLECTUM
INTERNATIONAL STEM SCHOOL

3.5. Student Portfolio

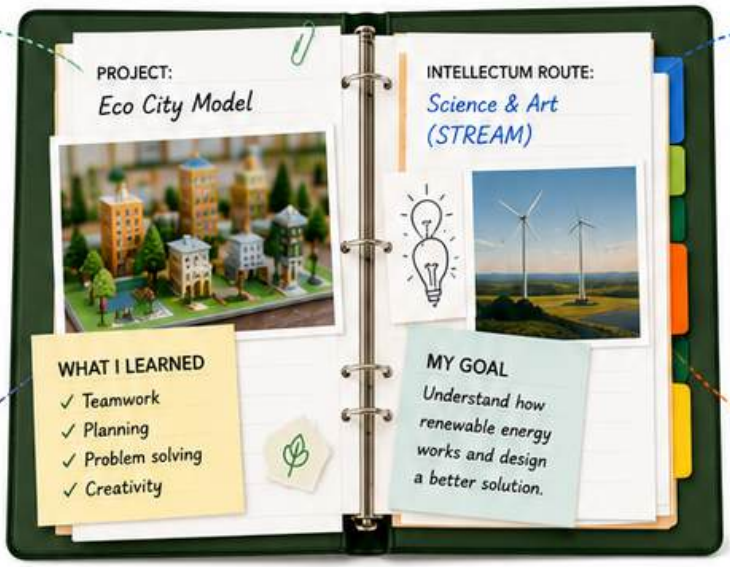

Because much of learning at Intellectum is based on projects and practical work, every student builds a personal portfolio throughout the year: best work, results from Intellectum Routes, and personal achievements.
It makes parent–teacher conversations more meaningful and, over time, becomes a valuable tool for career guidance.

PROJECTS

Selected project work and final outcomes (models, reports, presentations, videos, etc.).

MY BEST WORK

Work the student is especially proud of – creative, meaningful and authentic.

INTELLECTUM ROUTES

Results from each project immersion and challenges completed.

PROGRESS & REFLECTION

Evidence of growth, new skills and self-reflection over time.

HOW IT WORKS

CREATE — Students create and explore during lessons and projects. →

SELECT — They choose the work that shows their best learning. →

REFLECT — Students reflect on what they learned, challenges and next steps. →

SHARE — They share their portfolio with teachers and parents.

WHY DOES IT MATTER?

FOR STUDENTS

It helps them see their progress, build confidence and take ownership of their learning.

FOR TEACHERS

It provides a richer and more complete picture of each student's progress than grades alone.

FOR PARENTS

Parent meetings become conversations based on real work, not just "everything is fine."

FOR THE FUTURE

The portfolio supports career guidance, showing interests, strengths and possible future pathways.

FROM FIRST PROJECT → TO A MAP OF GROWTH

Not just a collection of work – a visual story of how a student's thinking, creativity and independence have developed over the years.

≈ 35 PROJECTS
by the end of Grade 7

GOOD TO KNOW

The portfolio is not extra homework for parents. Most materials are created and collected at school. We simply invite families to take an interest, look through the portfolio together and celebrate the child's progress.

Ready to learn. Ready to grow.

3.

EDUCATIONAL APPROACH

3.6.

Educational Documents

EDUCATIONAL DOCUMENTS

Our school follows a **licensed Polish curriculum.**
Therefore, the main educational documents issued are Polish.

EVERY SCHOOL YEAR

Świadectwo

Annual school certificate documenting the student's results.

GRADE 8

Egzamin ósmoklasisty

The compulsory eighth-degree examination. Its results are part of the admission process to upper-secondary education.

AFTER GRADE 8

Świadectwo ukończenia szkoły podstawowej

Primary school completion certificate.

NEXT STEP

Liceum / Technikum

Students continue their education within the Polish education system.

FOR UKRAINIAN FAMILIES

Keeping both educational pathways open

For families who wish to maintain a connection with the Ukrainian education system, the school supports the preparation and maintenance of the necessary educational documentation.

This may be relevant for:

- Possible return to Ukraine
- Parallel enrolment in a Ukrainian distance-learning school

Every family's situation is different.
Please contact the school administration to discuss the appropriate pathway individually.

GOOD TO KNOW

Intellectum operates within the **licensed Polish education system.**
School documents have **full legal validity in Poland.**
Recognition in another country is governed by that country's legislation, so families planning an international move should consult the school administration in advance.

INTELLECTUM
INTERNATIONAL
STEM SCHOOL

INTELLECTUM
INTERNATIONAL STEM SCHOOL

4. FEEDBACK

We believe that open, timely and kind communication is the foundation of a successful partnership between the school and the family. We are always ready for a dialogue and a joint search for the best

4.1. Communication

We strive to make information clear, timely and accessible.

For daily communication, the school uses official channels:

- **LMS** (electronic diary)
- **Email**
- **Phone**
- **SMS** messages (if needed)
- **Official messengers or school applications**

PLEASE NOTE:

We ask parents to check messages regularly and keep contact details up to date.

4.

FEEDBACK AND COMMUNICATION

4.2. SCHOOL ADMINISTRATION

Our administration is open to communication with families.
Depending on your question, you may contact:

SCHOOL PRINCIPAL	ADMINISTRATOR	HOMEROOM TEACHER	SCHOOL PSYCHOLOGIST	CURRICULUM COORDINATOR
Strategic questions, school development and important decisions.	Organizational questions, documents, schedules and daily processes.	Questions related to learning, assignments and your child's daily life in class.	Psychological support, adaptation, emotional well-being and child development.	Questions about teaching content, programs, assessment and academic matters.

For more complex questions, we recommend scheduling a meeting in advance.

4.3. PARENT MEETINGS

Throughout the school year, the school organizes:

GENERAL PARENT MEETINGS	Information about school life, important events and decisions.
INDIVIDUAL CONSULTATIONS	Individual meetings with teachers or administration to discuss specific questions about your child.
TOPICAL MEETINGS	Discussions on specific topics: learning, upbringing, safety, health and more.
STUDENT – PARENT – TEACHER CONFERENCES (as needed)	Joint meetings to discuss the student's progress, successes and development plan.
FAMILY DAYS with the school psychologist	Practical sessions for parents on important topics related to children and teenagers.

If needed, a meeting can be organized outside of the regular schedule.

4.

FEEDBACK AND COMMUNICATION

4.4. STUDENT INFORMATION

Parents can receive information about:

- academic achievement
- attendance
- skills and competencies development
- teacher recommendations
- important school events

We follow the principles of confidentiality and protection of personal data.

4.5. SCHOOL COMMUNICATIONS

The school regularly sends:

- school news
- events calendar
- reminders
- information about events
- organizational messages

Please read all official messages carefully.

4.6. SMS NOTIFICATIONS

SMS messages are used only for important and urgent information, including:

- urgent notifications
- changes in school operations
- safety and security matters
- reminders in exceptional cases

4.

FEEDBACK AND COMMUNICATION

4.7. PHOTO AND VIDEO RECORDING

During classes and school events, the school may take photos and videos for educational and informational purposes.

MATERIALS MAY BE USED:

- in internal school materials
- on the official website
- on social media
- in promotional materials

The use of photos and videos is carried out in accordance with the consent provided by parents and applicable laws on the protection of personal data.

4.8. PARENT EDUCATION

We see parents as important partners in their child's development. Throughout the year, the school organizes:

- lectures
- practical workshops
- meetings with experts
- webinars
- thematic parent clubs

Topics include modern education, child development, digital safety, psychology, health, and effective cooperation between the school and families.

5.

PLATFORMS

SECTION 5. PLATFORMS

Librus Platform

LIBRUS
wspieramy oświatę

Librus is an important school platform where official data about a student's learning is stored: grades, attendance, academic achievements and other information related to the educational process.

At the same time, for more detailed, convenient and personalized communication with families, Intellectum School uses the TGI platform. This is where parents will receive extended information about their child's learning, development, school projects and organizational matters.

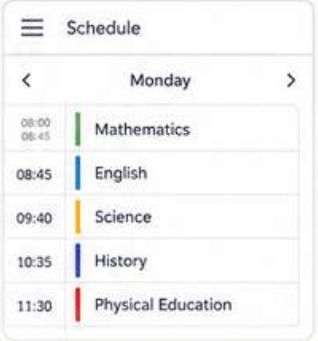

TGI – Main sections for parents

TGI

You can view the schedule, academic results and information related to the learning process in the **Schedule**, **Journal** and **Daily Book** sections. Here you will find the up-to-date class schedule, grades, comments, attendance, completed assignments and important messages about your child's day.

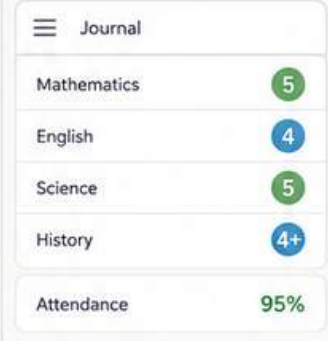

SCHEDULE

View your child's class schedule in real time.

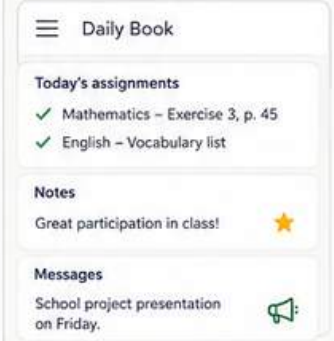

JOURNAL

Check grades, comments and attendance.

DAILY BOOK

See assignments, notes and important messages from the day.

Both platforms are used to ensure transparent communication and high-quality support for every student and family.

5.

PLATFORMS

SECTION 5. PLATFORMS

PERSONALIZED LEARNING

You can find more information about personalized learning, individual goals and your child's development in the **Student Goals, Soft Skills, AI Recommendations** and **Projects** sections. These sections show which academic and personal goals your child is working on and how key skills such as communication, independence, responsibility and others are developing.

STUDENT GOALS

Track individual goals and progress.

My goals

- Improve reading skills — 75%
- Math problem solving — 60%
- Public speaking — 40%

SOFT SKILLS

See how important life skills are growing.

Soft skills

- Communication ★★★★½
- Independence ★★★★½
- Responsibility ★★★★½
- Teamwork ★★★★½

AI RECOMMENDATIONS

Personalized suggestions to support learning.

Recommended for your child

- Practice fractions — Math
- Improve writing skills — English
- Try critical thinking tasks — Logic

PROJECTS

Explore school projects and your child's role.

Current projects

- City of the Future
- Science Fair 2026 — Participant
- Eco Challenge — Team member

ORGANIZATION

Organizational matters related to meals and payments are available in the **Catering** and **Payments** sections. Here you can view up-to-date information about the menu, meal organization, charges, payments and the payment status.

CATERING

Check menus and meal information.

Today's menu — View full menu →

Breakfast	Oatmeal with fruits, tea
Lunch	Chicken with rice, salad
Snack	Yogurt, banana

PAYMENTS

Review charges and payment status.

Payment overview — View history →

Tuition fee – May	Paid	✓
Catering – May	Paid	✓
School trip	120 PLN	Pending
Account balance	**0 PLN**	

COMMUNICATION & SCHOOL LIFE

For quick communication with the school team, use **Chats**.
Information about past and upcoming events is available in **Groups**.

CHATS

Message teachers and school staff quickly and easily.

Chats — New chat

- HT — Homeroom Teacher — Hello! How was your day? — 10:30
- SP — School Psychologist — Thank you for the information. — Yesterday
- ADM — Administration — Your request has been received. — Mon

GROUPS

Stay informed about school events and important announcements.

Groups — See all →

- School News — New announcement — 09:15
- Parents of 2A — Reminder: school trip on Friday — Yesterday
- STEM Club — Next meeting on Thursday — 12 May

All platforms are used in compliance with data protection regulations to ensure a safe and reliable environment for every student and family.

5.

PLATFORMS

5.3. TECHNOLOGY IN THE CLASSROOM

TECH ON
LEARNING TOOL

Laptops and tablets are used at school only when they are part of a planned learning activity. At the beginning of each activity, the teacher explains the task and the rules. Students then receive the devices, use only the assigned applications or materials, and return the equipment when the activity is complete.

Tablets may be used to access **digital textbooks, learning materials and interactive activities.**

Students are expected to handle school devices responsibly and report any technical problems to the teacher immediately.

HOW IT WORKS

1. **TEACHER SETS THE TASK**
The teacher explains the task and rules.

2. **DEVICES ARE PROVIDED**
Students receive the device.

3. **LEARNING ACTIVITY**
Students use only the assigned apps or materials to complete the activity.

4. **DEVICES ARE RETURNED**
Devices are returned after the activity.

GADGET-FREE SCHOOL

Personal gadgets stay away during the school day.

Mobile phones | Smartwatches | Personal tablets | Other personal devices

Personal devices are not used during the school day unless a member of staff gives specific permission.

WHY?

More focus | More communication | More movement | More creativity | Better digital habits

At Intellectum, technology supports learning — it never replaces real-world interaction.

6.

FULL-DAY SCHOOL

SECTION 6. FULL-DAY SCHOOL

ONE SCHOOL DAY. ONE INTEGRATED EXPERIENCE.

Szkoła całodniowa is not an "extended day" added after lessons.
It is the second part of the same educational day.

LESSONS · LUNCH · INDEPENDENT STUDY · CLUBS · OUTDOOR TIME · HOME

Clubs, independent study, outdoor activities and cultural experiences all contribute to a child's development — just in a different, less formal rhythm.

6.1. INDEPENDENT STUDY TIME

Homework gets done at school. Evenings belong to the family.

Every day, students have dedicated time to work independently on their assignments with the support of a **teacher or mentor.**

1. I TRY

The student starts the task independently.

2 I CAN ASK FOR SUPPORT

A teacher or mentor helps when something is difficult.

3 I LEARN TO MANAGE MY TIME

Step by step, students develop independence and responsibility.

THE RESULT?

Schoolwork stays at school whenever possible.

AT SCHOOL:
learning
assignments
support

AT HOME:
family
conversation
rest
play

The goal is simple:
children come home with most of their schoolwork completed, leaving the evening for family life rather than textbooks.

6. FULL-DAY SCHOOL

6.2. CLUBS

FIVE DIRECTIONS. EVERY CHILD. A DIFFERENT LEVEL AT EVERY AGE.

At Intellectum, five core clubs are part of the regular full-day programme. Each course is designed separately for every age group — so a Grade 1 student and a Grade 6 student explore the same direction at completely different levels of complexity.

LOGIC WORKSHOP

Logic
Problem-solving
Strategy

THINK

SCIENCE KALEIDOSCOPE

Experiments
Discovery
Curiosity

EXPLORE

FINANCIAL ABC

Money
Choices
Entrepreneurship

UNDERSTAND

SPEAKING CLUB

Confidence
Communication
English

SPEAK

IT CLUB

Digital skills
Technology
Creation

CREATE

HOW DOES IT WORK?

PART OF THE TIMETABLE

Clubs are fixed in each class schedule.

NO EXTRA REGISTRATION

Every student participates — families do not need to sign up separately.

AGE-ADAPTED CONTENT

The club name stays the same, while the content and level of complexity grow with the child.

EXPERIENCE BEFORE CHOICE

Students explore all five areas before making more independent choices in later grades.

A JOURNEY OF DISCOVERY AND GROWTH

GRADE 1
Starting the journey

EXPLORE
Discover all five directions

TRY
Gain first experiences

DISCOVER
Find interests and strengths

DEVELOP
Build skills and confidence

CHOOSE
Make informed choices in older grades

First experience. Then informed choice.

WHAT IS NOT INCLUDED?

Only additional services outside the five core clubs are charged separately, for example:

Individual subject lessons

Individual consultations with the school psychologist

Details, availability and fees are provided separately by the school.

Our goal is to help every child discover their potential, build strong foundations and make confident choices for the future.

6.

FULL-DAY SCHOOL

6.3. UKRAINIAN HUB

KEEPING YOUR ROOTS. GROWING TOGETHER.

Ukrainian Hub supports the **Ukrainian language, culture and identity** for families for whom this is important — alongside education within the Polish school system.

It is not a separate "school within a school" and it is not compulsory for every student. It is an open space for students and families who choose to participate.

UKRAINIAN EDUCATIONAL COMPONENT

Support for students who wish to maintain continuity with the Ukrainian education system.

CULTURE & TRADITIONS

Cultural events and themed days dedicated to Ukrainian traditions — alongside Polish and other cultures, never instead of them.

ADAPTATION & BELONGING

Language and emotional support to help children who have recently arrived from Ukraine adapt more comfortably to their new school environment.

INTEGRATION, NOT SEPARATION

UKRAINIAN IDENTITY · SHARING · SCHOOL COMMUNITY

Students can introduce classmates to Ukrainian games, traditions, language and their own cultural experiences. Polish, English-speaking and other students are equally welcome to join Ukrainian Hub activities.

Culture becomes something we share — not something that separates us.

GOOD TO KNOW
ADAPTATION PERIOD

During the first months after moving to Poland, the school may apply more flexible assessment criteria to support a student's adaptation — typically for **up to three months.**

This is a coordinated decision of the teaching council, rather than an individual exception made for a particular student.

6.

FULL-DAY SCHOOL

6.4. EXCURSIONS

LEARNING BEYOND THE CLASSROOM

Learning at Intellectum also happens outside the school walls. Depending on the age group and programme, students may take part in:

MUSEUMS & EXHIBITIONS

One-day educational visits connected with learning and culture.

CAREER EXPLORATION

Visits and experiences that introduce older students to different professions and workplaces.

EDUCATIONAL TRIPS

Learning experiences outside the classroom that complement the school programme.

MULTI-DAY TRIPS & CAMPS

Longer experiences may be organised when appropriate for the age group and programme.

BEFORE EVERY TRIP

Families receive information in advance about:

- DATE
- DESTINATION
- PROGRAMME
- COST (IF APPLICABLE)

3 THINGS TO REMEMBER

1 PARENTAL CONSENT

A student cannot participate without written parental consent.

2 PAYMENT & DOCUMENTS

Payment is usually due approximately 14 days before the trip. A medical information form is required for multi-day trips.

3 HEALTH INFORMATION

Parents should inform the trip leader in writing and in advance about allergies, chronic conditions or medication the child takes.

CANCELLATION

Participation may be cancelled without providing a reason.

More than 7 days before

Cancellation possible

Less than 7 days before

Payment is generally non-refundable, unless otherwise agreed individually with the class tutor.

PARENT VOLUNTEERS

For selected trips, the school may invite parents to join as volunteers.

BRIEF SAFETY INDUCTION
Parents receive key information before the trip.

→

JOIN THE GROUP
You accompany the students during the trip.

→

SUPPORT CHILDREN SAFELY
You share responsibility for children's safety with the staff.

Parent volunteers receive instructions before departure and share responsibility for children's safety with the accompanying staff.

THE WORLD IS PART OF OUR CLASSROOM.

Excursions turn learning into experience — safely, thoughtfully and with clear communication with families.

6.

FULL-DAY SCHOOL

6.5. HOLIDAYS, TRADITIONS & HOLIDAY CAMPS

MOMENTS THAT BECOME SCHOOL MEMORIES

Throughout the year, the Intellectum community comes together for events that build traditions, celebrate achievements and connect students, families and the school.

KNOWLEDGE DAY

Opening the school year together

FAMILY DAY

Students
Parents
School

PROJECT PRESENTATIONS

Celebrating ideas, creativity and learning

CHARITY FAIR

Learning to contribute and care

GRADE 8 GRADUATION

Celebrating an important milestone

All major events are included in the school's annual calendar.

SCHOOL DOESN'T STOP WHEN CLASSES DO

HOLIDAY DAY CAMPS

During school holidays, Intellectum organises day camps on the school premises with different themes and programmes:

LANGUAGE INTENSIVES

Speaking · Communication
Languages

CODING & ROBOTICS

Technology · Programming
Building

CREATIVE WEEKS

Art · Design
Making

SPORTS CAMPS

Movement · Teamwork
Active days

The programme, dates and themes are announced separately before each school holiday.

IMPORTANT TO KNOW

All activities in the second half of the day take place under the supervision of teachers and mentors.

Students cannot leave the school premises on their own — only with written permission from parents.

We learn together. We celebrate together. We grow together.

Thank you for being part of the Intellectum community!

Intellectum
INTERNATIONAL STEM SCHOOL

7. NUTRITION

Good nutrition supports learning, energy and well-being. We take care of healthy meals and a positive mealtime experience for every child.

MEALS THROUGHOUT THE DAY

Meals are planned as part of the daily schedule and may vary slightly depending on the timetable of each class.

BREAKFAST / BRUNCH
A nutritious start to the day.

→

LUNCH
A balanced and healthy main meal.

→

AFTERNOON SNACK
Light and healthy to recharge.

OUR FOOD

Meals are provided by our catering partner in line with quality standards.

- Fresh ingredients
- Balanced and varied meals
- Seasonal fruits and vegetables
- No artificial colors or unnecessary additives

The weekly menu is available in advance in **TGI → Catering.** You can check dishes for each day and make your orders there.

ALLERGIES & DIETARY NEEDS

During enrollment, please inform the school about:

- food allergies and intolerances
- medically justified dietary restrictions
- other important food-related needs

If your child's needs change during the year, please let us know as soon as possible. All information is kept confidential and is used only to ensure your child's safety.

WATER

Drinking water is available throughout the day.

Please send your child with a labeled reusable water bottle every day.

EATING CULTURE

Mealtimes are an opportunity to build healthy habits and good manners.

- ✓ We eat calmly and together
- ✓ We try new foods
- ✓ We respect food
- ✓ We keep the table and our space clean
- ✓ We talk politely

FOOD FROM HOME

Children should not bring food from home, including sweets, cakes or drinks, unless agreed in advance with the teacher (e.g., for birthday celebrations).

This helps us keep all children safe, especially those with allergies.

IMPORTANT TO KNOW

If your child has a serious food allergy, please provide written information to the school and make sure it is included in the Karta zdrowia.

In case of a need for a special menu, arrangements are made individually with the school and the catering partner.

QUESTIONS?

If you have any questions about nutrition, menu or allergies, please contact your class mentor or the School Office.

Healthy body. Clear mind. Happy school day.

Thank you for helping us create a healthy and caring environment for all children.

TGI → CATERING

Check the menu, update dietary information and manage your account in TGI.

8.

SAFETY & HEALTH

SECTION 8. SAFETY & HEALTH

CLEAR RULES. WRITTEN PERMISSIONS. SUPPORT WHEN NEEDED.

Safety at Intellectum is built on three simple principles:

1. We always know who is on the school premises and when.

2. Any non-standard arrangement is confirmed in writing.

3. Students and families always know whom they can turn to for support.

This may include a medical professional, mentor, administrator or another responsible member of staff.

8.1. ACCESS TO THE SCHOOL

MORNING ARRIVAL

The school doors open approximately **20 minutes** before lessons begin.

Before this time, a child should not be left outside the school without an adult.

Parents accompany the child to the entrance and hand them over to the member of staff on duty.

Parents do not normally enter the school corridors during arrival, and teachers should not be interrupted during lessons without a prior appointment.

LEAVING SCHOOL

PRESCHOOL & GRADES 1–3

Students leave the school only with a parent or an authorised person.

GRADES 4–8

Students may leave school independently only if parents have submitted a **written permission** for independent travel home.

VISITORS

Any visit other than the regular drop-off or pick-up of a child must be:

BOOKED IN ADVANCE → REGISTERED AT RECEPTION → PURPOSE OF VISIT CONFIRMED

Visits should be arranged through the school's **official communication channels** with the secretary or school manager.

ACCESS CONTROL

Instead of a traditional security desk, the school uses:

- Electronic access control
- Building alarm system
- Security company monitoring

NOT ALLOWED ON SCHOOL PREMISES

- Smoking, including e-cigarettes
- Alcohol
- Pets

IMPORTANT TO KNOW

These rules apply equally to parents, volunteers and guests.

They are not about mistrust. They are part of the school's standard safety procedures and help us maintain a controlled, predictable and secure environment for every child.

A SAFE AND SMOOTH SCHOOL DAY

1. ARRIVE

Arrive on time with your child.

2. HANDOVER

Child is handed over to the member of staff on duty.

3. SCHOOL DAY

A safe, supported and focused learning environment.

4A. AUTHORISED PICK-UP (PRESCHOOL–3)

Collected by a parent or an authorised adult.

4B. INDEPENDENT EXIT (GRADES 4–8)

Students leave independently with written permission.

8.

SAFETY & HEALTH

Safe environment for every child, every day

8.2. APPLICATIONS & PERMISSIONS

Some decisions and information are confirmed in writing in accordance with Polish education law.

1. AUTHORIZATION FOR PICK-UP

If someone other than a parent will pick up your child.

2. PERMISSION FOR INDEPENDENT TRAVEL HOME

For students in Grades 4–8.

3. CONSENT FOR PHOTO AND VIDEO RECORDING

Submitted upon enrolment; you can withdraw it in writing at any time.

4. NOTIFICATION OF ABSENCE

Please notify the school by 9:00 a.m. on the day of absence.

5. MEDICAL CERTIFICATE

Required if your child has been ill for more than 3 days.

PLEASE NOTE

These documents help us care for your child safely and properly.
Thank you for providing them on time.

8.3. MEDICAL SUPPORT

The school nurse is not present full-time, but on a set schedule under an agreement with our partner clinic "Moya Rodyna". The schedule will be communicated separately at the beginning of the year.

MOYA RODYNA
PARTNER CLINIC

Outside the nurse's hours, mentors and teachers monitor students' well-being.

IT IS IMPORTANT FOR THE SCHOOL TO KNOW IN ADVANCE:

CHRONIC CONDITIONS AND ALLERGIES

Details help us respond quickly and correctly.

MEDICAL RESTRICTIONS

For example, exemption from physical education classes.

AT LEAST TWO EMERGENCY CONTACTS

People we can reach if needed.

CHILD HEALTH CARD (KARTA ZDROWIA)

Parents provide this information in the child's health card and update it if there is a new diagnosis or change of contacts.

PARENT TIP

Even if your child is generally healthy, it is best to provide the health card and emergency contacts at the beginning of the school year.
This information is needed most when it is urgent, not when it is convenient.

We care together. Thank you for helping us keep Intellectum a safe and supportive place for all.

8. SAFETY & HEALTH

Safe environment for every child, every day

8.4. PSYCHOLOGICAL SUPPORT

SUPPORT WHEN YOU NEED IT

The school psychologist works on a permanent basis, not on call. Students and families can reach out for support with adaptation, emotions, relationships, learning challenges or any other concern.

CLASS MENTOR SUPPORT

Each pair of classes has a dedicated mentor who supports students throughout the day with both daily routines and learning matters. They are the first person to contact if something is not right.

ADAPTATION & WELL-BEING
Support with settling in and feeling good at school

A SAFE PERSON TO TALK TO
Students can share what's on their mind

GUIDANCE & SOLUTIONS
We work together with families to find the best solutions

Your child is not alone. We listen, support and help.
If you have any concerns, please contact the mentor or the school psychologist.

8.5. EMERGENCY PROCEDURES

KNOW WHAT TO DO. STAY CALM. STAY SAFE.

Our building is equipped with a fire alarm system and evacuation plans are displayed in every room. **Evacuation drills** are held at least once per semester for both students and staff.

1 ALERT
The alarm is activated.

2 MOVE TO SAFETY

Students move to the safe assembly area with their teacher.

3 HEADCOUNT & SAFETY CHECK
Teachers take attendance and ensure everyone is safe.

4 PARENTS INFORMED
Parents are informed centrally through the school's official channels.

5 FOLLOW INSTRUCTIONS
Follow staff instructions at all times. Do not return to the building until you are told it is safe.

IMPORTANT TO KNOW

In any emergency, the most important thing is to follow staff instructions and stay calm. This applies to children and adults on the premises.

EXAMPLES OF EMERGENCY SITUATIONS

FIRE | SEVERE WEATHER | MEDICAL EMERGENCY | SECURITY THREAT | OTHER EMERGENCIES

Prepared together. Safe together.
Thank you for helping us keep our school a safe and supportive place for all.

Intellectum
International STEM School

TRANSFER GUIDE
2026/2027

9. SCHOOL TRANSFER

Safe. Punctual. Reliable.

Intellectum provides a school transfer service on designated routes and stops to make the daily journey to and from school easier for families.

KEY INFORMATION

SERVICE DAYS
Monday – Friday during the school year.

ROUTES & STOPS
Designated routes and stops are planned for safe and efficient travel.

SCHEDULE
The timetable, stops and route details are shared with parents before the start of the school year.

UPDATES
Any changes to the schedule or stops will be communicated to parents in advance.

RULES FOR A SAFE AND SMOOTH JOURNEY

Be on time
Please arrive at the stop at least 5 minutes before the scheduled pick-up time.

Follow the rules
Students must follow the instructions of the driver and accompanying staff at all times.

Report absences
If your child will not use the transfer, please notify the coordinator at least 1 hour before the scheduled departure.

Safe handover
Younger students are released only to a parent or an authorised person listed in the registration documents.

IMPORTANT
Any changes to your child's usual travel arrangements must be communicated to the school in advance.

QUESTIONS?
Contact the transfer coordinator through the school's official communication channels.
